

Unlock Instructions by EarthWizeCellular.com

How to enter my Unlock Code on a VK Mobile Cell Phone?

VK530

1. Switch the handset ON without SIM Card - screen will display Insert Card.
2. Enter: *#83*737# (press and hold # for 1 sec) - this will give access to the personalization menu.
3. Select Disable Personalization.
4. Enter Unlock Code we sent to you and press the ok button.
5. Handset should now be unlocked.
